**UNITED STATES DISTRICT COURT FOR
THE CENTRAL DISTRICT OF CALIFORNIA**

E-FILING SEALED DOCUMENTS IN PUBLIC/NON-SEALED CIVIL CASES

Effective December 1, 2015, the United States District Court for the Central District of California will amend its local rules to require attorneys to electronically file sealed documents in otherwise PUBLIC/NON-SEALED CIVIL CASES using the Court’s CM/ECF system. Additional changes to the Local Rules effective the same day will change the way leave to file documents under seal must be requested, especially for documents subject to a protective order, and provide guidance for seeking *in camera* review of documents. A redline of all changes to the Local Rules effective December 1, 2015, is available here: <http://www.cacd.uscourts.gov/news/new-and-amended-local-rules-effective-december-1-2015>. Please review these changes before filing or seeking leave to file any documents under seal on or after December 1, 2015.

Note that the new rules require electronic filing only in PUBLIC/NON-SEALED CIVIL CASES. For now, continue to file sealed documents in criminal cases in paper, or as otherwise directed by your assigned judge’s standing orders. Likewise, continue to file all documents in paper in any case in which the entire case is under seal. And note that *pro se* parties who have been granted permission to file documents electronically must nonetheless continue to file sealed documents in paper; the CM/ECF system does not allow *pro se* parties to e-file sealed documents.

This *Guide to Electronically Filing Under-Seal Documents in Civil Cases* sets forth step-by-step instructions for electronically filing sealed documents, Applications for Leave to File Under Seal, and Applications for Leave for *In Camera* Review. Please review these instructions carefully – failure to follow these instructions could result in the inadvertent filing of a document you wish to keep under seal as a public document.

Please note that, within CM/ECF, a separate menu of events related to the e-filing of sealed documents has been created (“Under Seal Filing Events”). If you attempt to e-file a sealed document, ***you must use one of the events available from this menu, or your document will not be filed under seal. Do not use a regular motion event on the “Motions and Related Filings” menu, as any documents so filed will be public.***

OVERVIEW OF E-FILING PROCEDURES

Application for Leave to File Under Seal

Before filing any sealed document, you must have leave of court. Even if a statute or rule authorizes the filing of a particular document under seal, you must obtain a court order in the case in which you plan to file that document. Accordingly, you must first electronically file an Application for Leave to File Under Seal, following the instructions set forth below at page 5. Your Application must be accompanied by: (1) a declaration; (2) a proposed order; (3) a redacted version of any documents of which only a portion is proposed to be filed under seal; and (4) an unredacted version of the documents proposed to be filed under seal. L.R. 79-5.2.2(a)-(b) (eff. 12/1/15). The Application, the proposed order, any redacted documents, and the text of the docket entry itself *will be visible to the public, so be sure to draft them accordingly*. The declaration and the document(s) proposed to be filed under seal *will not be publicly viewable*. A Notice of Electronic Filing (“NEF”) will be sent, and recipients will be able to click on the link in the NEF to view the Application, the proposed order, and the redacted documents. However, only court staff and the CM/ECF user filing the documents will be able to view the declaration and the documents proposed to be filed under seal.

Note that, if you are the party that has designated a document confidential pursuant to a protective order, L.R. 79-5.2.2(b)(i) requires you to file a Declaration explaining why the documents should be filed under seal. You should use the “Sealed Declaration in Support” event to file this declaration.

E-Filing Sealed Documents

Once leave to file a document under seal has been granted, the party that requested leave to file under seal *must proceed to file the document*. Clerk’s Office staff will not do this for you. If you obtain leave to file a document under seal, you must follow through and file it under seal, or you will not be able to rely on the document in the case. For instance, if you obtain leave to file a motion to dismiss under seal, you must then file your motion to dismiss, using the “Sealed Motion” event under the “Under Seal Filing Events” menu, following the instructions set forth below at page 22. Likewise, if you obtain leave to file an exhibit to a summary judgment motion under seal, you must then proceed to file your summary judgment motion using a regular motion event, then file the sealed exhibit using the “Sealed Document” event on the “Under Seal Filing” menu, and link it to your summary judgment motion, following the instructions set forth below at page 15. Any document filed under seal must also be linked to the court order granting permission to so file. *See* L.R. 79-5.2.2 (c) (eff. 12/1/15).

Service of Sealed Documents

Documents electronically filed under seal will not be accessible through the Notice of Electronic Filing (“NEF”). The filing party is therefore responsible for serving all sealed documents and attachments on opposing counsel by other means. A certificate of service must be included with every sealed filing and a copy of the NEF should be served with the sealed

document. *See* L.R. 79-5.3 (eff. 12/1/15).

Public Access

A sealed document filed in CM/ECF cannot be viewed remotely on PACER or on the Clerk’s Office public terminals by anyone other than Court personnel, with one exception. The individual attorney who e-filed that sealed document will be able to access it, but no other CM/ECF users, even attorneys of record in the same case or for the same party, will be able to view the document.

Available Events

Only documents properly filed using specific sealed docket entries are SEALED upon submission. The events are located on the “Under Seal Filing Events” menu found under the “Under Seal Filings” heading on the CIVIL docketing menu. The following sealed civil events are available for your use:

- ***Leave for In Camera Review***
- ***Leave to File Document Under Seal***
- ***Sealed Declaration in Support***
- ***Sealed Document***
- ***Sealed Motion (Generic sealed motion type event)***
- ***Sealed Opposition***
- ***Sealed Reply***

Additional information and step-by-step filing instructions for each of these events is set forth below. When you file a document using the events listed above, you will have the ability to link or relate your motion, opposition, reply, or other sealed document to a previous docket entry.

Clearly Label All Sealed Documents

All sealed documents should be clearly marked as “FILED UNDER SEAL PURSUANT TO ORDER OF THE COURT DATED _____.” L.R. 79-5.2.2(c).

Use Caution in Drafting Docket Entry Text

When electronically filing a sealed document, remember, the DOCKET ENTRY can be viewed by the public, even though the attached DOCUMENT will be sealed.

Mandatory Chambers Copies & Proposed Orders

A Word Perfect or Microsoft Word version of the proposed order must be emailed to chambers as required by L.R. 5-4.4.2, and mandatory chambers copies of e-filed sealed documents must be provided to chambers pursuant to L.R. 5-4.5, just as with any e-filed documents. However, mandatory chambers copies must be provided in sealed envelopes, with a copy of the title page attached to the front of each envelope. L.R. 79-5.2.2(a).

Filing a Redacted Document

If you are required to file a redacted version of a document, only the portions of the document that are confidential should be redacted. Be sure to add the word REDACTED in the caption of the document *and* in the docket text of the entry.

Problems Filing a Sealed Document

If you cannot file a sealed document electronically due to a technical failure of CM/ECF, you must file it in paper pursuant to L.R. 5-4.6.2. The original and the judge's copy of all such documents must be submitted for filing in separate sealed envelopes, with a copy of the title page attached to the front of each envelope. An additional copy must be provided in PDF format on a CD. L.R. 79-5.2.

Red Screens

During the docketing process for any of the events on the "Under Seal Filing Events" menu, the screen will eventually turn RED. This is the indication that you are using a sealed document event. *If the screen does not turn red, STOP* immediately. You will need to start your docket entry over to ensure you are using the proper sealed document event.

APPLICATION FOR LEAVE TO FILE UNDER SEAL: SCREEN-BY-SCREEN INSTRUCTIONS

Electronically filing an Application for Leave to File Under Seal is a two-step process. Local Rule 79-5.2.2 requires that certain documents be filed with the Application: (1) a declaration; (2) a proposed order; (3) a redacted version of any documents of which only a portion is proposed to be filed under seal; and (4) an unredacted version of any documents proposed to be filed under seal. The rule specifies that the Application, the proposed order, and the redacted documents will be publicly viewable, while the declaration and the unredacted documents will not. *Accordingly, you must file the Application, the proposed order, and any redacted documents using one, non-sealed, event (“Leave to File Under Seal”), and the declaration and unredacted documents using another, sealed event (“Sealed Declaration in Support”).* Step-by-step instructions for each of those two steps are set forth below.

STEP 1

APPLICATION FOR LEAVE FOR IN CAMERA REVIEW: SCREEN-BY-SCREEN INSTRUCTIONS

Remember that this event is NOT restricted. Your Application for Leave for *In Camera* Review will be publicly visible, so do not include confidential information, and do not attach the documents you wish the Court to review *in camera*. If your Application is granted, you will be responsible for delivering copies of the documents directly to the judge’s chambers, in accordance with the judge’s procedures.

Civil > Under Seal Filings > Under Seal Filing Events > Leave For In Camera Review

1. From the **Civil Screen**, under the heading “**UNDER SEAL FILINGS**,” select “**Under Seal Filing Events**.”

2. Enter the case number in the “**Civil Case Number**” field, and click “**Find This Case**.”

The screenshot shows a form titled "Under Seal Filing". It has a field labeled "Civil Case Number" containing the text "14-4". To the right of the field is a button labeled "Find This Case". Below the field are two buttons: "NEXT" and "Clear".

3. Ensure you are selecting the correct case in which to file your documents, and click “Next.”

- You will upload your PDF documents on the next screen. Under “Main Document,” click the “**Browse**” button, and a file upload box will appear. Navigate to your “Application for Leave for In Camera Review” and select the file, then click “**Open**.”

- If you have any additional documents to attach, click the “**Browse**” button under “**Attachments**,” and a file upload screen will appear. Individually navigate to the documents you want to attach, and select “**Open**.” In each corresponding “**Category**” field, select the name from the drop down list that correctly identifies each document. Click “**Next**.”

- Select “Application” for your moving document, and click “**Next**.”

9. Review the **REMINDER** message on the next screen. If you are amending an existing Application for Leave for In Camera Review, please use the “**Amendment (Motion related)**” event located under “**Responses, Replies and Other Motion Related Documents**” on the main Civil Events page. If you use the “Leave for In Camera Review” event to file an amended version of an Application already on file, the system will create an unnecessary duplicate motion on the Judge’s calendar.

Enter the filing party’s role in the “**Party Role**” field, and click “**Next.**”
